## **Moodle LMS Administration & Support:**

If you own a Moodle LMS website, you will be aware that Moodle has tons of features and making Moodle work for you is not an easy task. You soon realize that you need some expert Moodle administrator to manage the site for you otherwise you cannot get full benefit of Moodle features.

PakTaleem has been working in Moodle since 2006 and has been providing Moodle development, administration and support services to clients worldwide since 2012. PakTaleem takes care of all the technical part of your e-learning business (LMS configuration and administration; Course development and configuration; Students management, enrollments, and email support) allowing you to concentrate on business marketing.

With our Moodle administration and support plans, you get:

1. Moodle LMS administration
2. Moodle course administration
3. Reports generation and scheduling
4. Auto Certificate generation
5. Theme configuration
6. Free email support for your e-learning students

## **Why choose PakTaleem's LMS Administration?**

Managing a Moodle website and getting the most benefits from it can be trickier for the people who are not familiar with Moodle. With PakTaleem at your service, you do not need to learn Moodle. You simply allow us to administer the site for you. We take care of the site keeping it in its best working form. You simply provide course material and we, at PakTaleem, will take care of proper course structure, and configuration. We shall take care of students taking the courses. If a student ever experience a difficulty in any of the courses, the student can send an email to us right from the page where issue occurred and we shall respond to the request resolving the issue. Here are some of the key advantages of choosing our administration and support plans:

- ❖ No need to hire an LMS expert to setup LMS properly costing \$200 - \$1000.
- ❖ No need to hire an administrator to maintain the website costing at least \$2400/year.
- ❖ No need to hire a guru to train on using LMS website costing at least \$3000/year.
- ❖ No need to hire instructional designer to turn your courses to e-learning costing thousands of dollars a year.
- ❖ No need to hire someone to prepare students' progress report for you costing at least \$4000/year.
- ❖ No need to hire support team costing at least \$8000/year.

In short, it costs you at least \$20,000 to run a sound, stable, smooth, and successful e-learning business. With PakTaleem administration & support plans, you pay only a fraction of actual cost.

## LMS Administration & Support Plans

Administration services are normally charged @\$15/hour. But, with PakTaleem administration plans, you are charged as low as \$3/hour. Enjoy the great savings. Please choose a plan as per your needs. This is really easy. You may simply estimate how much users are expected to enroll into the courses on your LMS site and choose the plan. You can also upgrade any time. Please decide the plan that suits you:
